**Respectfully addressed to the Teachers and Students of St. Benno
Gymnasium in Dresden,**

I am Sister Maria Tran Thi Lan, on behalf of Sisters and 115 disabled and orphaned children, would like to send to the teachers and students the best wishes of peace and health and the most sincere thanks.

On January 7, 2020 Father Stefan Taeubner SJ has transferred 9.470Eu from the Teachers and the Students in St. Benno Gymnasium in Dresden to help 115 disabled and orphaned children at Vincent House of Hope. We are really happy and grateful for your generosity. We will use this money to make a playground for the children at the Vincent House of Hope.

Dear Teachers and Students in St. Benno Gymnasium in Dresden,

Vincent House of Hope was established in 2008. Presently, we are carrying 115 children with disabilities and the orphans from the age of 01 to 60. Most of them suffer from different disabilities such as cerebral palsy, mental retardation, motor disability, Down syndrome, autism, blind, deaf, orphans and lonely elderly people.

We had a house to bring them up, but the conditions for taking care of them are still inadequate. We must spend 30 kg of rice per day, not to mention food and other necessities for 115 children and 15 Sisters who are serving there. Beside main meals, the children rarely drink milk, medicines are not enough to use, toys are not available.

Therefore, first of all, I am writing this letter to express my deep gratitude to you all, and please continue to help our children so that we can feel happy and motivated in bringing joys to the unhappy.

Once again, we sincerely thank the Teachers and the Students for your love and your kind hearts, wishing you all peace, health and joy in the love of God. We really need your help.

Sincerely in Christ,

Sr. Maria Tran Thi Lan

Sister in charge of the Convent
